

THE ROXBURY
BARN & ESTATE

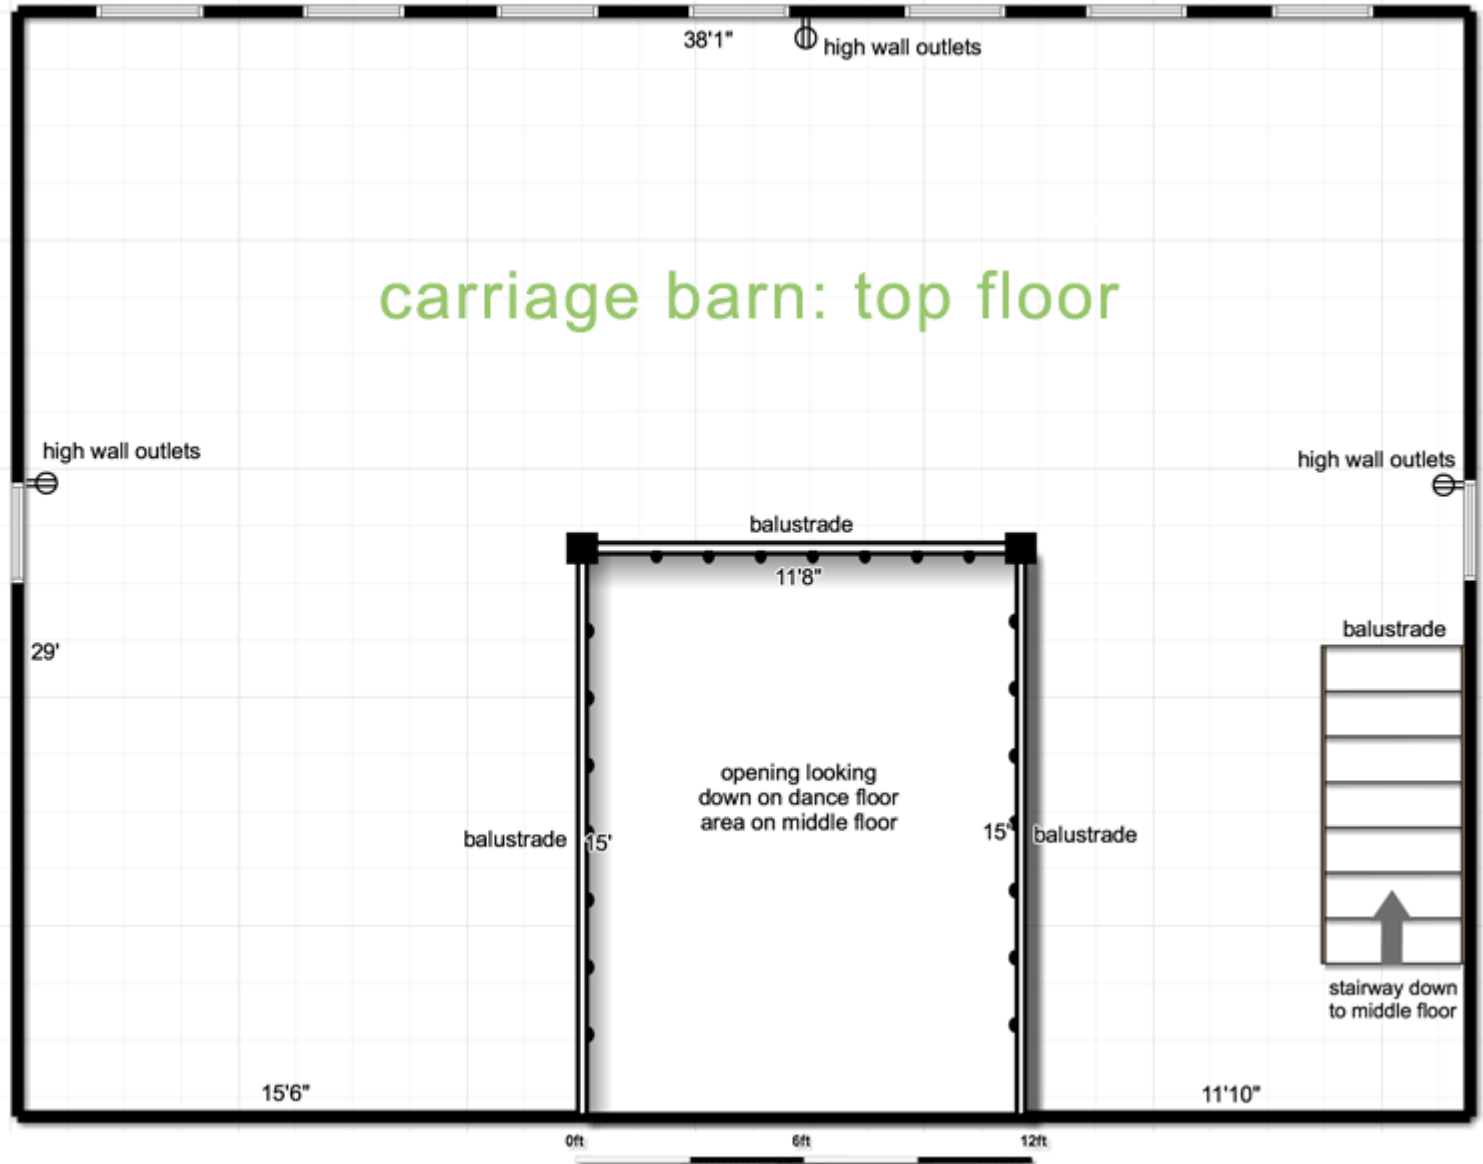

Property Map and Floor Plans

Our carriage barn was built in 1851. Situated against a cliff, with the lower floor only exposed on the backside, it's called a bank barn. The event spaces in the barn are on the middle and top floor. The middle floor opens up to a tree-lined lawn with a lily pond, through two large barn doors and a spectacular glass facade. The bar and the restrooms are also located on the middle floor. The two upper floors of The Roxbury Barn & Estate together seat up to 140 persons for dinner.

7 windows facing Southeast with view on lawn and perennial garden

A selection
of our many suggested
seating arrangements:

The top floor of the barn seats a maximum of 100 persons. For parties over 100 persons, we recommend seating two-thirds of your party on the top floor, and one-third on the middle floor. An event booking at The Roxbury Barn & Estate comes with floor plans with a wide range of seating arrangement suggestions.
